It is said that Cullman county, Ala., is the only level, arable and fertile tract of land in the Southern States in which there are no negroes. In a census population of more than 15,000, including an area of over 1,500 square miles, there are only fourteen negroes.

"Americans," says the Courier Journal, "know how to work, but they do not know how to rest." They might learn now by watching the democratic party. Its defeat last fall means that the people intend that it shall rest the next quarter of a century or longer.

The South Park Fishing Club has been formally held responsible by a regularly impaneled coroner's jury for the wholesale drowning of men, women and children caused by the bursting of the dam above Johnston. Now what is to be done about it? The people of Pennsylvania and of the United States do not desire to see anything in the nature of mere vengeance dealt out to these men. What they do desire is to see justice dealt out to them.

William Muldoon may not be much of a scientist, but he has a few simple facts in hygiene worth whole chapters of the best that has been written. He says: "When your man's asleep is the time to tell how he stands work. So long as he sleeps well he's all right, but when he begins to be restless and to have night sweats, and similar evidences that his nervous system is strained, then let up a little on the work. You've heard men say they were so tired they couldn't sleep; well, that is literally true when a man has had too much exercise. But you need never worry as long as your man sleeps soundly."

The Milwaukee Sentinel: The war of Uncle Jerry Rusk on the English sparrow is not going to lead to an easy knock-out. Dr. Merriam, the department ornithologist, estimates the average increase at twenty-four birds a year for each pair. He gives a table showing that the offspring of two English sparrows, if they all lived and increased at the same rate, would in ten years number 275,716, 983,688 birds. It is estimated by Dr. Merriam that the species had only spread over five hundred square miles in North America between 1870 and 1875. From 1875 to 1880 it spread over 15,640 miles; between 1880 and 1885 over 500,760 and during the year 1886 over 516,600. So that at the end of 1886 the English sparrow occupied 1,033,000 square miles. A society for the eradication of this blasted Britisher is needed.

The protection plank in the platform of the Ohio Republicans has the right sort of ring in it:

The republican party of Ohio, in convention assembled, hereby announce the following platform of principles: First, We renew our adherence to all the principles so clearly and strongly enunciated by the republican national convention of 1888, and especially to the principles of protection in its two-fold meaning and operation—protection to every American citizen at home in all parts of our country; protection to every American citizen abroad, in every land, on every sea; protection to every American citizen in the exercise of all his political rights and privileges; protection to American industry and labor against the industry and labor of the world.

The men who go into the fight as the champions of such principles as these are the men who will win if American patriotism of the intense and old-fashioned sort has not yet gone out of fashion in Ohio. It is already pretty certain that the name of the next governor of Ohio will be Joseph Benson Foreaker.

At present the exports of the United States to Chili are not far from \$3,000,000 per year, and our imports from that business and most thriving of South American republics are a little less than that sum. Our exports to Chili, however, are increasing with a good deal of rapidity from year to year—more rapidly in fact than those of any other country except France. With direct and punctual communication with Chili, our exports to that country might be increased ten-fold at least. On this account it is to be hoped that the report that a wealthy syndicate of American capitalists is making arrangements to establish a regular and speedy steamship line down the western coast of South America may be true. Such a line of communication would prove of great value to a very large class of American importers, and would thus indirectly benefit the mercantile interests of the whole country.

"Everything is being done which is possible to give prompt and intelligent relief," says Governor Beaver in reference to the present state of affairs in Johnston. The public is glad to believe that this is the exact truth. The work of handling and distributing the enormous sum contributed for the relief of the sufferers by the Cornemough disaster was a formidable undertaking, requiring for its proper execution judgment, discretion, tact and knowledge of human nature in no ordinary degree. When the full history of the distribution of the money sent to Johnston is written, it will be an interesting narrative. To satisfy the demands of every claimant in the nature of things, out of the question, and a good share of energy and strenuous effort is required to determine the precise extent to which property losses shall be compensated. Compared with this the relieving of actual want was an easy matter. The committee's most difficult

## task has yet to be performed, and it is desirable that they should know, approximately at least, how much will be at their disposal before entering upon it.

### JNO. L. SULLIVAN JAILED

Arrested at Nashville on Requisition of Gov. Lowry.

### NOW AWAITING PAPERS.

### A French War Steamer in Collision and Sunk on the Aden Bar.

Special to the Gazette.

**JOHN L. SULLIVAN.**  
 NASHVILLE, Tenn., July 11th.—John L. Sullivan was arrested here this morning upon a requisition from the governor of Mississippi, and is now in the city jail awaiting the arrival of officers and necessary papers.

### COLLISION AT SEA.

LONDON, July 11.—The French war steamer Andry, from Marseilles to China, collided with an unknown vessel and was sunk on Aden Bar. No particulars are known.

### MRS. LANGTRY VERY ILL.

Grave Fears Are Entertained for the Fair Actress' Recovery.

LONG BRANCH, N. Y., July 11.—Mrs. Langtry is very ill and fears are entertained that she may not recover from her present illness. An operation performed years ago for the purpose of relieving her of catarrh left her in a weak physical condition, from which she never recuperated. Her lungs are now affected.

### HORTICULTURAL NOTES.

The Worden grape is becoming quite as popular as its parent, the Concord. It is earlier than the latter, hardy, and fruitful to a degree which will please any one who tastes it.

In this latitude gladiolus planted later than this month will mature their bulbs thoroughly. Make two plantings, one as soon as the soil works nicely and the other in May. The season of bloom is thus lengthened.

Look out for the plum curculio and spray the trees of the 4th degree. It should be done now, this week, or before the 30th as far north as St. Paul. A teaspoon of paris green in a pale of water will do the work, or one ounce of London purple to ten gallons of water. The same mixture will destroy certain worms.

Many apple trees throughout the West are annually destroyed by the borer, which cuts its way into the solid wood near the ground, and before the owner is aware of its presence the tree is beyond help. If shot-holes appear in the bark and ejected sawdust is seen, the insect is at work. Still, pushing a small wire into the holes will sometimes destroy the insects. Preventives are cheaper defenses. Early in May scrape away the loose bark and wash the trunks from the ground to the branches with a mixture made of a pint of sulphur, a gallon of soft-soap, and tobacco and water enough to make it of the consistency of paint. Apply with a whitewash brush or cloth.

Mr. T. T. Lyon, president of the Michigan Horticultural society, thinks that most eastern varieties of fruits have proved failures in the Northwest, and that we must about earnestly to create a pomology suited to our circumstances. Mr. M. M. Giddens of Minnesota has been for many years laboring to evolve from the hardy crab-apple some good sorts which may prove hardy enough to stand drought, heat, and cold, and to the west region north of Chicago, but so far without success. Several varieties of hardy apples have been imported from the steppes of Russia, many of which may prove valuable, but Mr. Lyon thinks that by crossing these with native sorts the good qualities of those imported may be fixed and continued.

### A Madman at Large.

He is a well-known citizen, and his nearest and dearest friends do not suspect his insanity. How do we happen to know about it? Listen; his appetite is gone, he is low spirited, he don't sleep well, he has night sweats, he is annoyed by a hacking cough. These symptoms are the forerunners of consumption and death, and yet he neglects them. Is it any wonder that he call him a madman?

If you are his friend, tell him to get a bottle of Dr. Pierce's Golden Medical Discovery without delay. It will cure him if he takes it in time. It will not miraculously create new lungs when the old ones are nearly gone, but it will restore diseased ones to a healthy condition. Tell him about it, and warn him that in his case delay means death.

### FULTON VILLAGE.

—There seems to be quite an attraction at the lower end of town, for the young men especially.

—Mr. Gordon Dodge spent Saturday and Sunday last at home.

—Mrs. Will Gardner returned home last week from Milwaukee.

—Mr. and Mrs. Chas. Saxby have another boarder—a little boy.

—Little Maggie Clough had her face badly burned by a fire cracker the other day.

—Mrs. Olive Clough is on the sick list.

—Picnics seemed to be the rage here on the Fourth of July. There were three in this vicinity, as follows: In Tates, Van Hooker's and Kean's woods.

## EXTRADITION FOR BURKE.

### THE WINNIPEG PRISONER IS BOUND OVER.

Judge Bain Considers the Evidence Sufficient to Hold the Prisoner—Beggs Not Admitted to Bail.

WINNIPEG, Manitoba, July 11.—In the argument in the Burke case Mr. Howell made a preliminary speech outlining what had been proven. This he contended, was sufficient to establish such a reasonable presumption of guilt as to justify the judge in extraditing Burke. Canell and Perdue in their speeches attacked the evidence as failing to prove any connection with the crime. They held that the evidence did not even prove that Dr. Cronin was murdered on May 4 at the Carlson cottage; that it did not show that there was any malice against the doctor on the part of the pris-

oner. A technical objection was taken to the admissibility of the grand jury depositions, because they were merely abstracts instead of the originals. They were also certified by Foreman Clough as May 19 instead of June 19.

Mr. Howell then made his reply and on its conclusion the judge at once gave judgment. After reviewing the evidence he said it raised in his mind no other question than that of the guilt of the prisoner. He therefore committed him for extradition and the necessary warrant was made out.

### BEGGS BEATEN.

His Application for a Writ of Habeas Corpus Denied.

CHICAGO, July 11.—Judge Tuley decided the application of John F. Beggs for a writ of habeas corpus this morning, denying the writ. He held that Beggs must apply to the Criminal court. Where an indictment had been found in the Criminal court, a writ of habeas corpus could not be granted by the Circuit court.

### Accused of Embezzlement.

PROVIDENCE, R. I., July 10.—Edward Colton, formerly traveling salesman for Green, Anthony & Co., one of the oldest wholesale boot and shoe houses in this State, is under arrest for embezzlement. His alleged shortage is about \$10,000. Colton is a member of the upper Irish-American circles.

### Assaulted by Strikers.

CHICAGO, July 11.—The strikers at Blue Island resorted to violence again this morning. William Stranberg, while going to work, was stopped by Louis Kook and Henry Elbrecht, knocked down and beaten. Warrants are out for his assaults.

### MRS. TYLER DEAD.

The Wife of the Ex-President Suddenly Called Away.

RICHMOND, Va., July 10.—Mrs. Ex-President John Tyler died at the Exchange hotel Wednesday evening from a congestive chill. She returned from a visit to her son, John G. Tyler, at Washington, Sunday and was intending to leave Monday to visit another son, but was taken ill and died in the afternoon. She leaves four children—Lyon G. Tyler, President of William and Mary college, Virginia; Gardner G. Tyler of Charles City county, Virginia; Dr. Lillian Tyler of Washington, and Mrs. William Ellis of Montgomery county, Va. Mrs. Tyler was the second wife of the ex-President. She was born on Gardner's island, New York, and first met her husband in 1844 while visiting Washington with her father. The invitation of the President they attended a pleasure excursion down the Potomac on the war steamer Princeton, during which her father was killed by the bursting of a gun. Her body was taken to the White House, and Miss Gardner was thrown a good deal into the society of the President, owing to the peculiar circumstances attending her father's death. President Tyler's first wife had died shortly after he entered the White House, and he paid Miss Gardner marked attention, resulting in their marriage in New York June 26, 1844. For the succeeding eight months of President Tyler's term she resided over the White House with tact, grace, and dignity. After March 4, 1845, Mrs. Tyler retired with her husband to the seclusion of their country place, Sherwood Forest, on the banks of the James river, Virginia. She remained in Virginia until after the civil war, her husband having died about the beginning of the strife, and then went to reside at her mother's residence on Castle Hill, Staten island. After several years residence there she removed to Richmond, Va., where she died. Mrs. Tyler was a Roman Catholic in religion.

### An Imperial Convention Probable.

LONDON, July 11.—Sir Charles Tupper's suggestion of an imperial convention, has received the formal approval of the executive committee of the Imperial Federation league. The committee has decided to appoint delegations to wait upon Lord Salisbury and urge him to convene such a convention at an early date and secure the approval of the Lords and Commons to give the proposition a national character.

### Small-Pox at Iowa Points.

DES MOINES, Iowa, July 11.—Another case of small-pox—that of a child of a railroad conductor—has developed at Nevada. The father recently died of the disease at Clinton. Another case at Clinton is reported.

### Dr. B. Mironer the eminent physician of Detroit, Mich., will visit every town in this county during the summer.

Any one suffering with weak eyes, or eyes abused by inferior glasses, should not fail to see him. Orders left at the post-office will be promptly attended to. No extra charge for examining or visiting patients at their homes.

### KILRAIN HOMEWARD BOUND.

The Dejected Fugitive Looking Sick, Sore and Discouraged.

LITTLE ROCK, Ark., July 11.—The Kilrain party passed through Little Rock on the Iron Mountain train from the South en route to St. Louis. The party consisted of Jake Kilrain, Charley Mitchell, his trainer; "Pony" Moore of England, Dr. Dougherty, Kilrain's physician; "Prof." Mike Danavan, and "Kid" Murphy, Kilrain's bottle holder. There was quite a crowd at the union depot to see the vanquished pugilist. Kilrain did not get out, but kept his seat in the drawing room of the sleeper, peering out through the window at the crowd. The slugging kept his hand over his nose as if to conceal the effects of Sullivan's blows, and finally he emerged, facing the other way. Fifteen minutes after the depot had been reached Rock visit to a close and the train pulled out with the party seated around the bruised pugilist in the drawing room.

A reporter accompanied the party as far as Baring crossing. Kilrain was very sick, and from all appearances was badly used up. The fact that he was sore from his punishment was seen when he attempted to put on his coat. His face was discolored and resembled mahogany more than anything else, while his left eye was black and blue, and just under his highly discolored right eye he wore a cut in the shape of a crescent. Kilrain said that he had been "kicked," but not fairly, and intimated that he would take the fight up to the sixty-sixth round at some future time. He acknowledged that it was one of his off days, and said if the fight had come off the day before he would have made a better showing. He made no complaint, however, only that he was not at his best.

Sullivan's Departure from New Orleans.  
 NEW ORLEANS, La., July 11.—Quite a crowd assembled around the steamship Hudson to see John L. Sullivan and his party off, as it was believed they would leave for New York on that vessel.

It appeared, however, that when application was made for six berths to accommodate the party only four were secured. Muldoon decided not to accept the offer and entered into negotiations with the Southern Pacific line. The party eventually intended to avoid passing through the State of Mississippi for fear of arrest, and determined to go through Texas. Sullivan and Cleary, who had been drinking quite freely last night, had not entirely recovered from the effects of their dissipation, as was evident from their swollen eyes and general appearance.

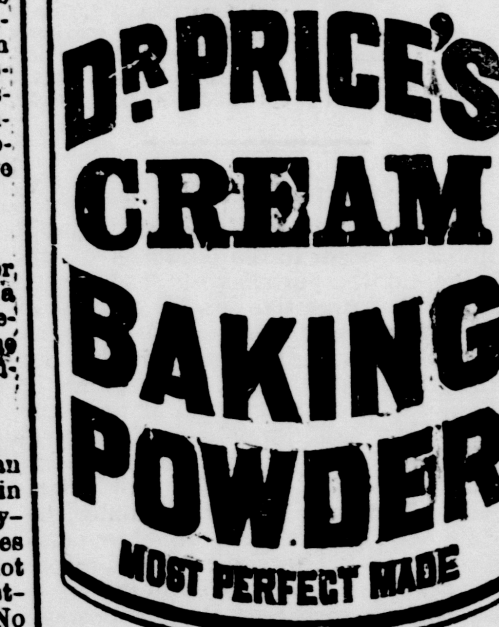

MOBILE, Ala., July 11.—John L. Sullivan got on board the Louisville & Nashville train at Grand Bay, Ala., at 12 o'clock Wednesday afternoon, with Mike Cleary, and William Muldoon, his seconds, and Charley Johnson, his backer. They had been hiding to avoid parties being served and their movements were not known. They arrived at Nashville at 10:25 Thursday, passing through and by way of Louisville. Sullivan was much excited when informed of a rumor of Kilrain's death. Every effort is being made to keep quiet any dispatches being sent as to his movements, route, etc. The party are very uneasy, fearing arrest. Sullivan said he undoubtedly punished Kilrain terribly and he looked as though the rumor was no great surprise to him.

## TEN LOST IN THE FLOOD.

JOHNSTOWN, N.Y., OVERFLOWED  
BY WATER.

A Bridge Gives Way, Throwing Scores of  
People Into the Torrent-  
Damage Elsewhere.

JOHNSTOWN, N. Y., July 11.—The water  
which came up over this village last night  
has subsided greatly this morning, but has  
left scenes of desolation in every direction.  
The water rose fifteen feet and overflowed  
everything. It has now fallen about eight  
feet below its highest point.

Ten people are thus far reported missing.  
The bodies of four have been recovered.  
These four are all Johnstown people. These  
whose bodies are recovered. Charles  
Treat and two other men named Oakley  
and Vost and a 14-year-old boy named  
Steadwell.

The drowned and missing people were  
among a crowd of from thirty to fifty per-  
sons who stood on the stone bridge crossing  
the river at Ferry street watching the ris-  
ing waters. The water was so high that the  
danger until the bridge gave way and they  
were precipitated into the flood. The  
bridge was about twenty feet high and a  
single arch-structure, and was crossed by  
a street car track.

The stone bridge was swept away at  
about 7 o'clock in the evening. Two iron  
bridges of the Johnstown, Fond du Lac &  
Gloversville railroads were wrecked and  
eight other bridges were carried away.

Two tanneries owned by Simon Schreiber  
were swept away and the Schreiber and  
Anderson dams were broken down.

The water in the Cayadutta creek began  
to rise at 4:30 o'clock, and the stream was  
soon converted into a raging torrent. Of the  
men, women, and children who were  
thrown into the water by the breaking of the  
stone bridge a large number were  
saved by means of ropes thrown to them  
from the shore. The search for more bod-  
ies is in progress. The water is still very  
rough and dangerous.

At Fond du Lac it is reported 500 feet of  
the New York Central track was washed out.  
The fatal rise in the Cayadutta was very  
sudden, and is attributed to the effects of  
a cloud burst. Besides the sweeping away  
of bridges and tanneries there is much  
damage to buildings yet left standing.  
The electric light works were washed out,  
and the town left in darkness for the night.  
All communication by wire is cut off, save  
through a long-distance telephone.

Johnstown is a post village and the cap-  
ital of Fulton county in this State. It is  
situated in the township of the same name  
and is built on the bank of Cayadutta  
creek, a branch of the Mohawk river. It  
is four miles north of Fond du Lac and  
eight miles northwest of Albany, on the  
Fond du Lac, Johnstown & Gloversville rail-  
road.

The population in 1880 was 5,000. The  
township also contains the thriving village  
of Gloversville, the total population of  
which is about 17,000 souls. John-  
stown has nine churches, a union school,  
two banks, gas works, three newspaper  
offices, two grist mills, a planing mill, and  
numerous other factories for the manu-  
facture of shoes and other goods. Most of  
the people are probably made in Gloversville  
and Johnstown than all the remainder of  
the country put together.

ANOTHER CLOUD-BURST.

Terrible Storm Near Greensburg, Pa.—  
Much Property Destroyed.

GREENSBURG, Pa., July 11.—One of the  
most destructive storms that ever occurred  
in this section passed over this morning  
and left a trail of destruction. The rain  
fell in torrents and the creeks for miles  
around the mining village of Crab  
Tree overflowed and crops of wheat, hay,  
and oats were carried down the streams.  
The waters of Crab Tree and Thom creeks  
were the most damaging. Trees were up-  
rooted in their course and buildings are  
reported on their banks have been swept  
away. Every bridge on both creeks from  
Crab Tree to Saltsburg has been carried  
away and two or three hundred yards of  
the Crab Tree branch railroad has been  
completely washed out. No lives have as yet  
been reported lost.

A hailstorm followed, and was most dis-  
astrous to the corn crop, and it is thought  
to be entirely destroyed. The storm em-  
braced an area of about thirty miles, and  
in many places the wheat which had been  
cut by the farmers is now being carried  
down the stream in shocks. At Saltsburg  
and at Five Points and all along the Loyal  
Hanna creek the damage is great. The  
loss will run into thousands of dollars.  
It is believed the flood was caused by a  
cloudburst, inasmuch as it was confined to  
the narrow limit, the rain here being very  
heavy. The Crab Tree railroad is a branch  
of the Pennsylvania system and is the only  
line of the full extent of the damage to the  
road has not yet been told, as it runs for a  
distance on the flat below where the washout  
was observed. The water is now falling  
rapidly.

TRAIN WRECK IN MEXICO.

Five Seriously Injured.

El Paso, Texas, July 11.—The regular  
passenger train on the Mexican Central  
railroad which left El Paso del Norte at 6  
o'clock Monday evening was wrecked five  
miles this side of Chihuahua by the giving  
out of a bridge. Two people, a third  
class passenger and a Wells Fargo  
& Co. guard, were killed outright,  
and twenty-five passengers injured.

Conductor Jerry Sullivan had four ribs  
broken and the newsboy had his leg  
broken in two places. The baggage car  
and third-class coach were telescoped. The  
train had been running slow all night in  
anticipation of washouts, and having  
passed the dangerous places was traveling  
at a rapid rate to make up lost time.  
There had been no rain for several days,  
and the underpinning of the bridge had  
been washed out by a torrent caused  
by a cloud burst in the mountains.  
Nineteen people were taken to the hos-  
pital at Chihuahua and it is reported that  
two have since died. The railroad people  
are very reticent about the matter.

A Fatal Train Collision.

DES MOINES, Iowa, July 11.—Midway  
between Coon Rapids and Des Moines on  
the Chicago & North Western railroad a  
head-on collision occurred between a  
passenger train and a freight train. The  
passenger train, the latter having been dis-  
abled. Both engines were demolished and  
the mail and baggage cars badly wrecked.  
Engineer Bruce was thrown about thirty  
feet on his shoulder and was badly hurt in  
the thigh, but will recover. Fireman  
Collins was thrown to the opposite side  
and taken out of the wreck last night, and  
his body was found about two hours later.  
Baggage-man Winters is hurt in the back,  
but not badly. No passengers were in-  
jured, but were badly shaken up.

Child and Nurse Drowned.

ROUNDOUT, N. Y., July 11.—The hero-  
ic conduct of Atalie Lang, a German girl,  
cost her life. She was employed as nurse,  
by whom she was employed as nurse, was  
swimming in Lake Mohawk, when he  
was carried over a rocky ledge, a distance  
of twenty-five feet. The brave woman  
leaped at once to the rescue and saved the  
child, but both were drowned.

FATAL WRECK.

Six Injured in a Collision of Coal and  
Gravel Trains.

PITTSBURGH, Pa., July 11.—A collision of  
gravel and coal trains on the Pittsburgh &  
Castle Shannon road occurred near High  
Bridge, four miles from this city, at 2  
o'clock yesterday afternoon. Thirteen  
cars were wrecked and six persons injured.  
—One, it is thought, fatally. Those most  
seriously hurt were William Kunkle,  
blacksmith, probably fatally scalded;  
George Isaac, crushed about the head;  
Engineer Hilton, foot badly crushed. En-  
gineer Sippel, badly burned. Twenty Italian  
laborers were on the gravel train, but only  
one was killed. The accident was caused by  
a mistake in orders.

Wreck in Vermont.

ROUTLAND, Vt., July 11.—The train that  
left Boston at 6 o'clock last night, was  
derailed by a washout on the Vermont  
Central road at 4 o'clock this morning, be-  
tween Brandon and Middlebury. Several  
persons are reported killed and injured.

## PITH OF THE NEWS.

RUSSELL B. HARRISON has arrived in  
England.

A SEVEN-FOOT vein of coal of the finest  
quality has been struck by prospectors at  
Ramsey, Ind.

Simon J. H. MacKenzie, prolate of  
Colorado, died at Denver after a short  
illness. He was 77 years old.

Simon Quinn, of Chicago, was elected  
Grand Ruler of the Grand Lodge of Elks  
at its meeting in New York.

The flour output at Minneapolis last  
week was 93,450 barrels, against 115,000  
barrels the preceding week.

47th Chippewa Indians at Red Lake have  
agreed to cede to the Government the  
greater portion of their reservations.

George Lutz, a wealthy farmer living  
near Adrian, Mich., was gored to death by  
a bull. He leaves a wife and six children.

B. J. Mullican, of Madison, Ind., has  
been arrested on an indictment charging  
him with embezzlement from the New  
York Mutual Life Insurance company.

Near Tunnel Hill, Ga., Martin Love,  
colored, attempted to assault Miss Addie  
Colgers, a waiter girl. He was caught late  
in the day and lynched by a masked mob.

William Dwyer, engineer of the ex-  
press train which killed Orrin Clark about  
three weeks ago, has been arrested at Hol-  
land, Mich., on a charge of manslaughter.

Lawrence O'Toole, for man of the  
Ohio Connecting railway company, who  
had points in the South and was charged  
to death at Cork's Run, Pa., by Italian  
laborers.

The Washburn-Martin Mill company,  
proprietors of the Washburn flour mills  
at Minneapolis, is to be reorganized, and  
Senator Washburn will retire from the  
concern.

It is stated that an offer of \$50,000 for  
the trotter Astor, made by Mr. McKinney,  
has been declined, and that in case Astor  
falls in the South and is crushed in  
progress. The average of condition of  
western States is as follows: Ohio, 88;  
Michigan, 89; Indiana, 89; Illinois, 94.

The wheat is generally in good and un-  
usually well headed and plump in grain,  
though in some places it is somewhat  
shriveled. Fears were entertained of in-  
jury in the shock and thrashing, which the  
change of weather may prevent.

The returns concerning spring wheat in  
Dakota are very unfavorable because of  
long continued drought. Rains late in  
June had improved the situation, and the  
general average, as consolidated, is 62-  
in some sections the grain is already head-  
ing out, with straw six inches high. The  
average of Montana, Idaho, and Wash-  
ington are low. The general average is  
about 50, which is very low at this stage  
of growth.

Rye maintains its condition and barley  
declines to about 92. A large falling off  
of the area in tobacco is reported, amount-  
ing to 23 per cent on Kentucky, and 30  
percent on Maryland. The latter sustaining  
makes a reduction of 30 per cent in Ten-  
nessee. In Kentucky, 30 per cent in In-  
diana, 30 per cent in Illinois, and 30  
in Illinois, with a smaller reduction in  
Ohio and Missouri.

Secretary Noble's Policy.

WASHINGTON, July 11.—Secretary  
Noble, in an interview to-day, said that  
the policy of this administration would be  
broad and liberal toward the Territories;  
and the others suspending land patents in  
a large portion of Wyoming because of  
indications of oil and coal should be re-  
scinded; that the lands of Colorado were  
no evidences of minerals should be sent to  
patent; that persons who settled upon the  
public lands in good faith should have  
their evidence of title recognized. The Sec-  
retary said that in addition to home rule  
every proper encouragement should be given  
to efforts looking to the advancement of the  
Territories, and that he would be glad to  
whenever prepared to assume the duties  
of Statehood.

Change in the Recruiting Service.

WASHINGTON, D. C., July 11.—The  
following detail of the recruiting service of  
the army for the year commencing Oct. 1  
was announced to-day: Lieut.-Col. Wil-  
liam H. Gordon, Nineteenth infantry, to  
command the depot at Fort Myer, Va.; Col.

Nineteenth infantry; Lieut.-Col. Dain-  
ford Parker, Twentieth infantry, to com-  
mand the depot at Fort Myer, Va.; Col.  
N. Y. relieving Lieut.-Col. Frederick  
Mears, Fourth infantry; Major Reuben  
F. Barnard, Eighth cavalry, command  
of depot at Jefferson Barracks, Mo., re-  
lieving Major David Perry, Sixth cavalry.  
Officers relieved will join their respective  
regiments.

News from Admiral Gherardi.

WASHINGTON, July 11.—A dispatch  
has been received at the Navy department  
from Admiral Gherardi, Port-au-Prince, say-  
ing that affairs at Hayti are quiet and  
that there is no fighting of moment. He  
also reported that there had been no  
mutiny in the harbor since the capture of  
last report. Legitimate holds Port-au-Prince,  
and Hippolyte remains outside of the town.  
The Ossipee has now been at Hayti longer  
than intended, and the dispatches will  
relieve her as soon as another vessel  
can be fitted out.

A Day's Appointments.

WASHINGTON, July 11.—The President  
has made the following appointments:  
Consul—Emmons Clark of New York,  
at Hayti; Archibald W. Sampson, of  
Colorado, at Acapulco; Rowell G. Horr  
of Michigan, at Valparaiso; James F.  
Hardigan of the District of Columbia, for  
the position of Consul at other ports in  
the Austrian dominions.

secretary of legation at Vienna.

Judge Tyler Sick.

WASHINGTON, July 11.—Judge Tyler,  
assistant Attorney-General for the post-  
office department, who has been sick for  
some time, is still confined to his house.  
His system seems to be completely run  
down, and it is said he is suffering from  
nervous trouble. He has been unable to  
ride on Saturday, which had a depressing  
effect and he is now very weak.

There will be a dance in the evening. Everybody invited.

—The picnic given by the N. O. W. Club and their friends, will take place at Crystal Springs to-morrow. The steamer Enterprise has been chartered for the occasion and will leave her dock in the city promptly at 2:30 and again at 8 o'clock p. m. There will be numerous races and sports during the afternoon, a picnic supper and dance in the evening. Smith & Anderson's will furnish the music.

—Miss Nellie Smith, daughter of Mr. and Mrs. D. P. Smith, first ward, has been appointed first assistant in the city schools at Pueblo, Colorado. Miss Smith is a graduate of our high school and also of the state university at Madison. Her many friends in this city will be pleased to know of this appointment.

—District Deputy Grand Master James A. Fathers and 1 others will go to Milton Junction this evening to install officers in Milton Lodge No. 65, I. O. O. F.

—Rev. H. Baldwin Dean and the members of the Boy's Guild of Christ church returned yesterday from a pleasant picnic excursion at Delavan lake.

—The picnic given by the Harrison and Morton Benevolent Association was well attended yesterday. Captain Griffiths conveyed the people to and from the Mayflower park in his reliable steamer. The day was spent in various games and amusements, and there was dancing in the evening. Smith & Anderson's orchestra furnished the music.

—The money which causes so much sport for the boys at J. B. McLean's news stand, got loose this morning and made things rather lively in the vicinity for the space of half an hour. Pipes, papers and smoker materials were promiscuously mixed up and it was some time before the mischievous animal could be subdued and caught. When that money gets loose he doesn't do it for nothing. He puts every minute of his time in to the best possible advantage. It took the greater part of the forenoon to get things in shape again and the little animal will probably be more closely confined hereafter.

—A delightful time was spent at the spacious residence and lawn of Mr. and Mrs. Charles E. Church, corner of Washington and West Bluff streets, last evening, by the members and friends of All Souls church. The beautiful moonlight evening, together with the numerous Chinese lanterns which hung from the trees gave the grounds a magnificent appearance. Quite a large number of people were present and the evening was spent in social festivity. Ice cream and cake were served during the evening on tables which were arranged under the large trees. The party did not break up until a late hour.

—As the little son of A. W. Gehrike, proprietor of the East Milwaukee street bakery was driving the cow from pasture last evening, he had just reached the track of the Chicago, Milwaukee & St. Paul railway and was about to cross it when the six o'clock freight came in sight. The boy endeavored to drive the cow from the track, but was unsuccessful. The cow became frightened at the approach of the train, and instead of jumping from the track ran directly ahead of the train. The boy kept following close at the heels of the cow, and just as the engine was about to crush him, fell headlong and rolled down the bank, thus saving his life. The engine struck the cow with full force, from the effects of which she died in less than ten minutes.

—Some of the boys had a little sport last evening about eight o'clock not far from the railroad crossing at the west end of Milwaukee street. A prize fight and foot race were on the programme for the evening's amusements, and as the contestants were men of good ability in their line, quite a little money was put up on the results. Unlike the Sullivan and Kilrain fight, four or five rounds occupying only two or three minutes of time each decided the contest and the bets were promptly paid without any grumbling.

—At the conclusion of the scuffle, the foot race came on and was as quickly decided. Fifty or sixty people were present to witness the sport, and it is reported that considerable money changed hands at the close of the exercises.

—Several from this vicinity attended the picnic near Emerald Grove last Thursday, otherwise the Fourth passed off very quietly.

—A. D. Clark started for Minnesota last week, called thence by the illness of his mother.

—Miss Wilson Dodge who has been quite ill for several weeks, does not improve rapidly as her friends would wish.

—Miss Bell Cheesbro, of Delavan, is visiting relatives at this place.

—Quite a crowd assembled to view the horse race last week Tuesday.

—Mrs. Eva Wood is visiting friends in Fulton.

—There will be an ice cream social at the M. E. church next Friday evening. A cordial invitation is extended for all to attend.

—Grandpa Origer, of Whitewater, is visiting friends at Fairfield.

—Fast Time to California. By a recent adjustment of schedules the Chicago & Northwestern Railway Company offers exceptionally fast time to passengers going to the Pacific coast—the journey from Chicago to San Francisco being made in less than four days.

—First-class one way and excursion tickets, also second-class tickets, to all California points; and first-class tourist excursion fares, at low rates, for Colorado, Utah and the North Pacific coast, and all the summer resorts of the west and northwest, are now on sale. For full information, apply to agents Chicago & Northwestern Railway, or address E. P. Wilson, General Passenger Agent, Chicago.

## CITY HOSPITAL AFFAIRS.

The Quarterly Meeting of the Board of Directors.

## THE ARTICLES DONATED.

The Condition of the Hospital as Shown by the Report of the Secretary.

The quarterly meeting of the board of directors of the Janesville City Hospital Association was held last evening at the rooms of the Fire Police in the Jackson block. The principal business was the reading of the quarterly report of Secretary E. B. Heimstreet, showing the condition of the hospital at date. The report is here published in full:—

"At the last report, March 10th, 1889, there were six patients in the hospital. Since that time sixteen have been received, seventeen have been discharged, improved or well, two have died and three are still in the hospital.

The total number of patients received since the hospital was instituted is 69. Since January 12 charity patients have been taken care of, and nine who paid small amounts. The medical staff for this quarter (July to October) are, Doctors O. P. Robinson, L. J. Barrows, O. L. Clark, W. H. Judd and Frank Pember, who report everything in good order.

Three persons, viz.: Jacob Hendricks, Albion; W. H. Blair and V. P. Richardson, of Janesville, have purchased certificates of membership since last report. But three of the insurance certificates have been sold, as the matter has not been pushed. If it could be advertised more, it would bring in considerable to the treasury, as many who are boarding or have no home, would pay five dollars if they knew they could have board and medical treatment if taken sick.

Cash donations have been received to the amount of \$34.45. Cash received from board, \$139. The total cash received this quarter is \$273.45, which amount has been turned over to the treasurer, which with the cash on hand of last report amounts to \$452.32. Orders from No. 204 to 239 inclusive; amounting to \$435.31 have been drawn, leaving a cash balance in the treasury of \$17.01. I herewith submit a report of receipts and expenses, accompanied with the bills and vouchers for the same.

Reports of receipts and expenses, March 10 to July 10, 1889.—

Cash on hand March 10.....\$ 173 47  
Three certificates at \$100.....30 00  
Three insurance certificates at \$45.....135 00  
Total cash received.....\$ 438 47

Receipts from board.....139 00  
Total cash received.....\$ 577 47

Expenses.....\$ 452 32  
Total cash on hand.....\$ 125 15

It will be necessary at this meeting to make arrangements for fuel for the coming winter. The rent for another quarter will be due next month. We have forty-one members. This should be increased to sixty or seventy by the next meeting. The house is in good repair and all bills paid that have been presented.

E. B. HEIMSTREET, Secretary.

The following donations have been made since the last report of the secretary:

The following donations of flowers were made: Trinity church, Miss Cunningham's Sunday school class; Monticello Prairie Sunday school class; Mrs. Patten, Mrs. Stevens, Mrs. Eldredge, Mrs. A. M. Valentine, Mrs. Whiffin, J. Camp Dean, and a friend from Milton.

TODAY.  
"BURTON AND INDIA PALE ALES" are acknowledged by judges to be superior to the Imported English Ales. They have the virtue of being strictly pure—nothing save malt and hops, and of the choicest quality, enters into their composition. Consequently all the nutritive and restorative properties those ingredients are known to possess are found judiciously blended in these brands of ale.—Brewery east end Milwaukee street bridge.

SUMMER SORT-UP.

## IT WAS DESTROYED BY FIRE.

MRS. N. REED'S LARGE BARN AND PERSONAL PROPERTY DESTROYED AT TWO O'CLOCK THIS MORNING.

A large barn, the property of Mrs. N. Reed, who resides about one-half mile south of the state school for the blind, was burned to ashes at two o'clock this morning. The barn contained all the farming tools, carriages, wagons, sleds, harnesses, etc. on the farm. It also contained all the hay cut this year, and last year's tobacco. The estimated value of the tobacco was \$1,000.

The barn was comparatively new, and built at a cost of about \$1,200. The loss on this will not fall short of \$1,000, and the loss on the personal property, exclusive of the tobacco will be in the neighborhood of \$500, making an aggregate loss of \$2,500. The property is insured by M. E. Northrop, of this city, in the German-Peoria and Allemanias, Pittsburg companies for \$2,000.

The origin of the fire is unknown. Mrs. Reed's son, Morris Reed and his wife live in the house and work the farm. About two o'clock this morning Mrs. Reed awoke and was startled by the flames from the burning barn. She aroused her husband, but it was too late. The barn by this time was entirely enveloped in flames, and they had great difficulty in saving the house which caught fire from flying cinders. The heat from the flames was tremendous and it was impossible to save anything in the barn. Pieces of burning timber and smoke blew in perfect clouds for a distance of a quarter of a mile.

Mr. Reed fortunately turned his horses into the pasture the evening before or they would have perished in the fire. The light from the flames could be distinctly seen from the city and for miles around. It is exceedingly unfortunate that almost all the personal property except the live stock were in the barn, and there were many farming implements that were of no particular money value, but were necessary; which will have to be purchased at many times the amount allowed by the insurance companies.

IT WAS A BRILLIANT AFFAIR.  
THE LAWN SOCIAL UNDER THE AUSPICES OF THE YOUNG LADIES' SODALITY A GRAND SUCCESS.

Not less than one thousand people were in attendance at the social given by the Young Ladies' Sodality of St. Patrick's church at the residence and lawn of Dean E. M. McGinnity last evening.

The grounds were magnificently illuminated by three large headlight and innumerable Chinese lanterns suspended from the trees.

It was a perfect moonlight evening and this added very much to the appearance of the grounds and the comfort and disposition of those present.

The Catholic Cornet Band were present and discoursed sweet music during almost the entire evening which added very much to the pleasure of those in that vicinity, and later in the evening the organ on the front veranda was brought into use, and the throng of people were treated with some splendid vocal music by members of the church choir.

The street around the church and for two or three blocks away at intervals crowded with people, who had strolled away from the multitude at the grounds for a stroll through the 'moonlight streets.'

One of the pleasantest features of the occasion was the fact that everybody had a good time. Old and young came there for that exclusive purpose, and did not go away disappointed.

Tables for refreshments, with a seating capacity for about one hundred and forty were set in the play grounds of the school children, and at no time until late in the evening was there a vacant seat of any of these tables for more than a few seconds at a time.

Father McGinnity passed among the crowd in his usual hospitable and happy manner, and did all in his power to make everybody feel at home.

The social was the first attempt of the Sodality to do anything in this line, and if the success of last evening was not good enough for a beginning then nothing could be, as it was without doubt the largest lawn social ever held in the city. The young ladies talk of having a similar social at no distant day, and should they conclude to do this, they may be sure of a liberal patronage.

UNITED FOR AYE.  
THE WEDDING OF HERBERT BILLINGS AND GERTRUDE CANNIFF TOOK PLACE LAST EVENING.

The marriage of Miss Gertrude Canniff to Mr. Herbert Billings was solemnized last evening, at 8 o'clock, at the home of the bride's parents, Mr. and Mrs. J. A. Canniff, 4 Division street, by the Rev. M. Evans, of the First M. E. church.

Only the immediate relatives of the parties were present. At the close of the ceremony an elegant wedding lunch was served, after which congratulations and a pleasant time followed.

The bride is a young lady possessing many friends in Janesville, and is well and favorably known in church and society circles. The groom is a carpenter by trade, but at present is in the employ of W. T. Wilkins, North Main street. He is a young gentleman of unquestioned integrity and will without doubt verify all he has promised to the lady of his choice.

Mr. and Mrs. Billings are at home to their friends at No. 11 North Main street, where they will permanently reside. The Gazette joins many friends in wishing them many years of prosperity and happiness.
